

Advanced Authentication

Quick Reference Guide – Existing Internet Banking Users

Login to Online Banking

Welcome to the Online Banking system.

Note: For security purposes, please provide your Login ID and click [Validate].

Upon System validation of your Login ID and verification that you are on a registered machine, you will be routed to the Password page where you will be able to review your personalized PassMark image and caption and log in to the system with confidence.

[Go to Our Home Page](#)

Step 1: Upon first login with the new Advanced Authentication product, you will be asked to enter your current Online Banking User ID only, on the login screen. Once you enter your current User ID, simply click 'Validate' to proceed.

Step 2: The next screen will only appear the first time you logon to the new system. You will be asked to enter your existing Online Banking password and click the 'Login' button.

Please provide your password information, then click [Login]. You will then be prompted to setup your PassMark security features so that in subsequent logins PassMark will be enabled.

Once enabled, PassMark verifies your identity as a trusted user of this site by identifying your computer as an approved device at each login. Just as importantly, PassMark provides you with the certainty that you are accessing our authentic site by providing a personalized PassMark image and caption on the Login page setup by you during the enrollment process.

Step 3: This screen will ask you to select or upload an image that will become your unique PassMark. You can view the images by selecting a category from the 'Choose an Image' drop-down box. Simply select the desired image by clicking on the link below, 'Select Image'. The image will appear in the box labeled 'Your Passmark'. Here, you should click 'Accept Image' to proceed.

Set Up PassMark

Help

Your PassMark consists of an image and a caption. Once you have selected your PassMark on subsequent logins to the system your PassMark will be displayed on the password page. This personal PassMark enables you to validate the authenticity of our site.

What is PassMark?

Choose an Image Caption that is personal and meaningful to you. The caption may be from 6 to 30 characters in length. It may not be the same as your password.

Your Image Caption:

Select four challenge questions and answers that may be used to confirm your identity. You may select each challenge question only once. All of the following fields are required and each answer must be unique and can be anywhere from 6 to 30 characters long.

Challenge Question 1: *

Your Answer: *

Challenge Question 2: *

Your Answer: *

Challenge Question 3: *

Your Answer: *

Challenge Question 4: *

Your Answer: *

Select One of the Following: * This is a Personal Computer. Register it. This is a Public Computer. Don't Register it.

* Each time you log into Online Banking from a different computer, you will be asked if you wish to register it. Registration of a PC means that the characteristics of the machines are being logged to the database.

Step 4: The next screen asks you to name your image as well as select and answer 4 challenge questions. Each field must be unique and consist of anywhere from 6 to 30 characters. Once complete, simply click 'Preview'. You will then be asked to review and confirm the information. You can click 'Go Back' to make changes or 'Finished, - Login to enter Online Banking'.

The Advanced Authentication set up is complete!

Set Up PassMark Help

Review your PassMark image and Caption, along with your challenge questions, email address, telephone number and registration information.

If you would like to change your PassMark image, select the Change Image hyperlink. To update the other information, use the Go Back and Make Changes button.

If you are satisfied with the information on the preview page as you have supplied it, click [Finish] to submit your enrollment and complete the registration process.
